

Dear Dr. Pompeia

I was very glad ~~to~~ <sup>to</sup> hear ~~that~~ you did want to go to the USA ~~and~~ and get some training in technical and scientific subjects.

I do remember your very brilliant course in Physics in the Faculdade — ~~where I had the pleasure of~~ and I have followed with deep attention your scientific and didactic activities in the Faculty.

I am sure that your knowledge of Physics and ElectroTechnics, together with your experimental craft, widely demonstrated in two years of researches on cosmic rays, in which I had the pleasure of having ~~you as a~~ your collaboration, give ~~an~~ <sup>the</sup> assurance that your stay in ~~the~~ the United States will be very useful for ~~increasing~~ <sup>widening</sup> your knowledge and being more useful for your country.

You are authorized ~~of~~ <sup>to make</sup> of this letter the use you ~~would~~ <sup>want</sup>.  
Yours, sincerely

S.W.

Prof. Dr. G.W.  
Director of the  
Department of  
Physics.

Dr. Paulus Aulus Pompeia  
~~Professor~~ Lecturer of Physics in the  
section of Chemistry  
Faculdade de Filosofia, Ciências e Letras  
University of S. Paulo.
