

São Paulo, July 21, 1947.

Dear Prof. Herb,

I am writing to you in order to inquire whether you would accept Mr. Oscar Sala, who is now working at Illinois as a Rockefeller fellow, for some months of work with you, and whether you could give him the opportunity to learn how to build and to handle a Van der Graaf installation of your construction.

With best wishes,

Yours truly

---

Gleb Wataghin
