

December 3rd, 1947.

Dear Prof. Gamow.

This department is organizing a small scale conference in June or July 1948. My colleagues and myself would be very honoured if you could take part in this conference. We hope that Dr. E. Teller, Dr. A. Proca, Dr. Guido Beck and some others will be present. Our limited economic possibilities permit us to offer only a small compensation of the order of Cr\$10.000,00 (about U.S.\$500,00) in order to facilitate the permanence of foreign scientists during the conference here.

With best regards

Yours Sincerely

Gleb Wataghon
