Dear Professor Wataghin:

Thank you so much for your cordial  
congratulations which, of course, I accept in behalf  
of my young colleagues.

You have very good reason for being  
proud of Lattes, as he is an extraordinarily fine  
young man in every sense of the word. We are delighted  
to have him with us this year.

With all good wishes,

Sincerely,

  
Ernest O. Lawrence
