Dear Dr Moraes

In accordance with my cablegram, I am now ready to depart for São Paulo, since I have received my passport. I am now attending to the last stages of my preparations. I would appreciate it if you could arrange for some temporary place for me to stay when I arrive.

I am looking forward very much to working in São Paulo and meeting all the people there.

Sincerely

P.S. I suggest that the contract begin on Oct 15, if possible.
