Dear Dr. Wataghin:

As a member of the Joint Commission on High Altitude Research Stations (appointed by the Internacional Council of Scientific Unions, ICSU), I have to attend the Meeting which will be held in Denver, Colorado, U.S.A., from 23 to 26, August.

I will appreciate very much if you can send me a brief report on your findings in Peru concerning the research you carried out in Morococha to present it to the Meeting. Besides, any information concerning Physic High Altitude Research in Brasil will be duly appreciated.

Yours very sincerely,

Dr. Carlos Monge M.
