S. Paulo, July the 8th. 1941.

Dear Professor Compton

I am very glad to tell you that some of the balloons that Pompeia brought was found. We are waiting now for good weather in order to experiment new flights.

I hope and I make my best wishes that you have a good trip and a successful expedition.

I should like to tell you again how sorry I am because I could not go to Bolivia and meet you there.

I am writing to tell you again how happy we are to have you and the expedition as our guests.

If possible, I should like to know the day and the port you arrive, some days before you start.

With my compliments to Mrs. Compton.

Yours Sincerely
