Dear Professor Jesse

I am sorry to trouble you but I really can not help it.

When we furnished you with the notes of the papers presented by the members of your delegation and accompanying debates, we were sure there was another copy with the stenographers. It happens that not only yours is the only copy but what is more the stenographic notes have been mislaid.

Would you be kind enough to send us a copy, not only for my secretary work but what is more for the colleagues at S. Paulo, who need them to write out their papers and discussion.

I hope you will understand the position in which I find myself and forgive me the work I am giving you.

Please remember me to Mrs. Jesse.

Truly yours
