Dear Dr. Meyer :

Thank you very much for your letter of September 8 and the suggestions it contained. Unfortunately I received it only today, after my return from Colorado : hence the delay in replying.

The equipment will be addressed to the Conselho Nacional, and let's hope for the best. I am afraid there will be some 30 or so packing crates of all kinds ...

I also think that your suggestion about a "pensão" is a very good one. We should appreciate it if you could make reservations. You are probably aware that we have a 7-years old son, and hence would very much like to have two rooms or their equivalent, if that is possible.

As to our departure date, the only news I have are in a letter from Guido Beck, dated September 8, from which I quote : "I have heard by telephone today that your passages are already reserved through the local travel agency EXPRINTER for the first boat which leaves for the "Deep South" in October. I presume that it is with Moore & McCormack, that they have already notified you<sup>+</sup>, that the boat is the URUGUAY, and that it leaves New York on October 15 ... if all is as I believe you will be here at Rio on October 29 ... and will disembark at Santos on October 30 ..."

(+) That is not so; up to now we have heard nothing from either the shipping company, or the Consulate.

I wish to get this letter out, and thus must keep it "snappy". More, I hope, in the near future !

With thanks and the best regards,

yours very sincerely,

*Kurt Sitte*
