Professor
Abdus Salam
Imperial College
L o n d o n

Dear Professor Salam

When you visited Brasil we talked about the possibility of Mr. Abrahão Hirsz Zimmerman going to work with you at the Imperial College and eventually to work on his Ph.D.

I wish to let you know that he is anxious to leave to England and I believe that Mr. Zimmerman is apt for research work, being sufficiently prepared now in the field of theoretical physics.

Thanking you in anticipation for your kind attention,

I remain

Sincerely yours,

Mario Schenberg
