Dear Dr. Schonberg:

You will be interested to know that we have found a publisher for the Gamow Memorial volume in the Colorado Associated University Press. They are most amenable to a variety of formats and allow an almost embarrassing freedom to me as Editor. The general excellence of the contributions promises to make this a rewarding task. The current list of contributors--most of whose manuscripts I have already received--follows:

R. A. Alpher and R. Herman	L. Rosenfeld
H. A. Bethe	M. Schonberg
E. U. Condon	M. M. Shapiro
C. Cowan and F. Reines	Edward Teller
C. Critchfield	J. L. Tuck
Louis deBroglie	S. M. Ulam
Max Delbruck	G. Wataghin
P. A. M. Dirac	W. Yourgrau
W. A. Fowler	F. Hoyle and J. Narlikar
C. L. Longmire	R. W. Kavanagh
A. A. Penzias	

A list of titles (where available) is indicated on the enclosure.

It is my hope that the complete manuscript will be in the hands of the printers by the middle of next year. If I can answer any questions you might have, I would be delighted.

Thanks again for your help.

Sincerely yours,

F. Reines
Professor of Physics
