**PLEASE NOTE:**

This is the only request for an abstract of your work that you will receive.

Please submit your abstract as soon as possible. This will make your abstract available to philosophers at the earliest possible date and insure that your abstract is published in the same issue of the *Index* that gives the bibliographic information on your work.

Your abstract will be published in both the Quarterly and the Cumulative editions of *The Philosopher's Index*. In addition, it will be stored in **Dialog**, the information retrieval system with which the *Index* is affiliated. This computerized retrieval service allows philosophers to gain immediate access to works of interest. Your abstract will be supplied to philosophers interested in the topics that you discuss.

Abstracts have proven immensely helpful to the many members of the philosophic community. Since authors are best qualified to prepare abstracts of their works, I sincerely hope that we may count on your cooperation in this regard.
