From the Foreword to the 49th edition:

'Each new edition is the result of a thorough revision of its predecessor. Daily records of changes to existing entries are maintained and the editors are constantly engaged in research directed towards the selection of new names. The book contains biographies of people from almost every country in the world and in almost every sphere of human activity. One thousand five hundred new biographies have been added and many of the existing entries have been expanded.'

The International Who's Who 1986-87

The 50th annual edition of *The International Who's Who* is now being prepared for publication in mid-1986. Once again we invite those whose biographies appear in the book to bring their entries up to date for the new edition. The entry is enclosed overleaf.

In order to avoid the possibility of any inaccuracies appearing in the new edition, all additions or corrections should be *typewritten* or made in *block capitals*.

It cannot be too highly stressed that the completion and return of this proof imply no obligation whatsoever. The publishers would once again like to express their sincere thanks for the past and present co-operation of those whose biographies appear in *The International Who's Who*. We would, however, like to emphasize the necessity for proofs to be returned without delay since only in this way can we be certain that every entry is as up to date and accurate as possible.

Please sign and return this form to us even if there are no changes or additions.
