TEL.: (040) 2240-1 - CABLE: CENTRATOM - TELEX: 460392 ICTP I

28 February 1989

Dear Professor Schemberg,

Further to Professor Abdus Salam's message, I should like to extend to you my heartfelt congratulations for your election into the *Fellowship* of the Third World Academy of Sciences (TWAS). I am enclosing some information material on the Academy, for your reference, as well as the 1988 Year Book.

I should be most grateful if you could send, for our records, an up-to-date copy of your curriculum vitae and the complete list of publications, and, since the 1989 Year Book is under preparation, it would also be very much appreciated if you could send us a black-and-white photo of yourself (size ca. 3.5 x 4.5 cm) as well as a short resumé of your biodata along the lines of the format adopted for the Year Book. Receiving this material **by special courier** at your earliest convenience would enable us to include your name in the 1989 issue.

Thank you for your collaboration.

With kindest regards,

Yours sincerely,

Mohamed H.A. Hassan
Executive Secretary

Professor Mario Schemberg
